REAPPOINTMENT/RENEWAL OF APPOINTMENT
RENEWING AN EXISTING APPOINTMENT/REAPPOINTMENT

General Procedure

The procedures described in this section are for situations in which one or more of a staff or academic employee's current appointments is extended or renewed (also used for reappointment of certain academic titles).

Data regarding the employee's current appointments is entered into the system, via the SRNW or ARNW screen bundle, in the order below:

1. Appointments, title, and distribution information (EAPP screen).
2. Miscellaneous personnel information (EPER screen).

Reminder: Use <F1 Help> for assistance in entering data.

To Begin...

1. Access the Function Code Menu (BUND).
2. At the next func line, type SRNW (for staff) or ARNW (for academic) to select Renewal/Reappointment.
3. Type the ID number, name, or social security number of the employee and press <Enter>. The EAPP-Appointments/Distributions screen is displayed with the current employee data.
Appointment and Distribution Line Procedures

Use the following procedures to add or change appointments and/or distributions. When changes are required, this is indicated in Notes and Tips within the procedure:

Navigational Tips:

- The <Tab> key can be used to move the cursor from one modifiable field to another.
- To go directly to an existing appointment or distribution line; Type "GOTO nn" (i.e., nn = an existing appointment or distribution number) to place the cursor on the screen which contains information associated with the specified appointment or distribution number.

Ending the current appointment or distribution:

1. Tab to the Appointment End Date field and type the new end date.
2. If the Appointment Duration is "Tenured" or "Indefinite", type asterisk ( * ) to delete the current information.
3. If applicable, tab to the FTE field and type asterisk ( * ) to delete this information.
4. Tab to the Distribution End Date field and type the new end date.
5. Repeat for multiple distributions, if applicable.
Appointment and Distribution Line Procedures (Cont.)

Adding a new appointment or distribution:

1. Tab to the command line.
2. Type "ADD A" to assign the next available appointment number, or type "ADD nn" (i.e., nn = 10,20,30) to assign a specific appointment number.
3. Press <Enter> to display the EAPP screen with the new appointment line.
4. Enter data in the required fields on the EAPP screen.
5. Tab to command line and type "ADD D" to assign the next available distribution number, or type "ADD nn" (i.e., nn = 11, 21, 31) to assign a specific distribution number in conjunction with the appointment number.
6. Press <Enter> to position the cursor at the new distribution line.
7. Enter the data in the required fields on the new distribution line.
8. If applicable, repeat step 5 to add additional distribution lines or use the "COPY" function (described below or refer to the User's Guide.)

Copying an existing appointment or distribution line:

1. Tab to command line.
2. Type "COPY xx to yy" to copy data from an existing appointment or distribution line to a specified new appointment or distribution line (i.e., xx = existing appointment or distribution line number; yy = specified new appointment or distribution line number).
3. Press <Enter> to display the new line with the specified appointment or distribution number (all other fields will be identical to the "copied from" appointment or distribution line).
4. Enter the data to be changed in the required fields on the new appointment or distribution line.
5. If applicable, repeat step 2 or 3 to copy additional appointment or distribution lines.

See the section titled Screen Navigation/Data Entry of the Payroll/Personnel Online System User's Guide for more information.
EAPP (Appts/Distributions)

- This screen allows entry and update of an employee's retirement information as well as the savings programs the employee has selected. Information such as Retirement System Code and DCP (Defined Contribution Plan) Code is entered at this screen.

- For rehires, only change those fields that need to be updated
EACD (Academic Service)

Data Element Definitions
(required data elements are highlighted)

Quarters/Semesters/Months in 8-Year Rule:
The number of units currently applied to the 8-year rule, including this appointment. (There is a service limit of 8 years or 24 quarters for all appointments.) For new appointments, enter 01.

Extension to 8-Year Rule:
The number of units that were added to extend the 8-year rule for this appointment.

Quarters/Semesters/Months on 19900 Funds At Greater Than 50 Percent:
The number of units that are more than 50% supported by General Funds. For new appointments, enter 01

Quarters/Semesters in Unit 18 Titles:
The number of units currently applied to the Unit 18 rule. (There is a service limit of 18 quarters or 6 years for lecturers under all appointments.) If this is the first quarter of appointment to this title, enter 01. If the appointment is for the full academic year, enter 03.

Quarters/Semesters as Teaching Assistant:
The number of units spent as a teaching assistant under this appointment

Notes and Tips

- If you are doing an Academic appointment, complete all the required data entry fields on this screen, then press <F11 Next Func> to continue.
- This screen allows entry and update of information related to the employee's academic service, such as the number of quarters/semesters spent as a teaching assistant, and extension to the eight-year rule.
Update the Employee Database (EDB)

1. Ensure you have completed all the required data elements in the bundle.
2. Press <F5 Update> to add this employee record in the EDB.
3. If the update is successful, the first screen in the bundle is displayed, with the following message: 
   **U0007 Update process complete**
   You are returned to the first screen in the bundle so you can begin another renewal/reappointment.
   Additional options are available as follows:
   - To choose a different employee action, press <F3 Previous Menu> to return to the previous menu.
   - To go to another function, move to the "Next Function" field and enter the new function code.
   - To exit the Online Payroll/Personnel System, press <F12 Exit>. You will be returned to the CICS Application main menu.
4. If the update is not successful, there are consistency edit problems with the data you entered and the Consistency Edit (EDON) screen is displayed (see sample screen on the following page) listing consistency errors associated with this record.
Correcting Consistency Edit Problems (ECON)

If there are consistency errors, the update process will not be successful. The consistency edit (ECON) screen will be displayed. Review all error messages to determine appropriate action to be taken. You can correct errors directly on the ECON screen, or press <F3 Return> to return to the data entry screen to make the necessary corrections, or press <F2 Cancel> to cancel the update. If <F6 NextMsg> is appearing at the bottom of the screen, press F6 to display next error message. After you have received and/or corrected all error messages, press <F5 Update>.

Each message displayed on the ECON screen has an associated severity level.
Correcting Error Messages (IMSG)

After updating the bundle, you may request to see any other system messages related employee record that you have just entered/updated. Enter IMSG in the "Next Func", then enter the employee ID, name, or social security number and press <Enter>. The system will display other messages you may want to review and/or correct. To correct, you will need to go to the appropriate function, make the correction, and go through the update process again.
